

Kensa

Shoebox **NX**

INTRODUCING THE

NEXT GENERATION

OF HEATING AND COOLING

The Shoebox N~~X~~ is a catalyst for change

Switching more homes to heat pumps will bring energy security, reduce fuel poverty and improve people's health.

Increase GDP by
£6.5bn by 2030

(Greenpeace, 2022)

Avoid £2.5bn in
gas costs

(NESTA, 2022)

Prevent 17,000
deaths linked to
air pollution

(Clean Air Fund, 2020)

REVOLUTION

Kensa's

ShoeboxNX

is a game-changing,
mass-market

Ground Source Heat Pump

Here to eXpand heat pump potential

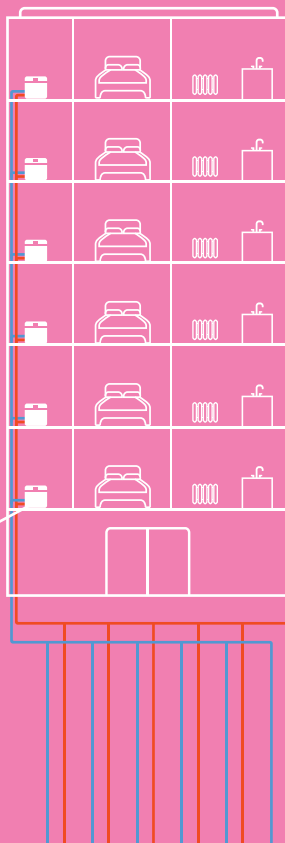

Newbuild & retrofit

Flats, terraces & communities

Quiet & A+++ efficiency

Heating, hot water & cooling

25-year lifespan
